

# Share the Gifts of Time and Talent

## *Volunteering at Holy Trinity High School*

Every day at Holy Trinity, our faculty and staff work to make sure our students know we believe in them and care about their futures. We do this by building their confidence, providing them with an excellent education, and encouraging them to realize their full potential. By generously volunteering your time and talent, you, too, will strengthen our school community. There are many opportunities to make an impact.

### **Tutor a Student in Our Resource Learning Center**

In our Sister Rita Joras Resource Learning Center, dedicated tutors work one-on-one with Holy Trinity students to help them with English, math, science, and other subjects, as well as developing strong study skills. In addition to helping students to keep their grades up, you can serve as a positive, supportive role model.

### **Sponsor and Mentor a Scholarship Student**

A key to our educational model is pairing deserving students a sponsor based scholarship to help make a private education a reality. Scholarship sponsors provide critical support to a young person and help to turn dreams into reality. Sponsors also have the opportunity to provide support and mentoring to their scholar. Our largest scholarship program is the *Hosinski Scholarship Society*.

### **Contribute Your Expertise to the Board of Trustees or Advisory Council**

Join members of the business, education, legal, and religious communities who comprise Holy Trinity's all-volunteer Board of Trustees and Advisory Council. Your expertise and enthusiasm will make a real difference in protecting and shaping the school's long-term future. Board and Advisory Council members lend their time, expertise and support in a variety of capacities.

### **Become a Mentor to a *Friends for a Future* Intern**

Lead a Holy Trinity student on the path to a successful career in the business world by participating in our *Friends for a Future* internship program. *Friends for a Future* provides Holy Trinity juniors and seniors with insight into career opportunities through firsthand exposure to a professional work environment. As a mentor, you can provide professional guidance and support to an intern.

### **Support Holy Trinity's Signature Event— the *Guardians of Hope* Dinner**

Each year, Holy Trinity raises its profile and critical scholarship funds by reaching out to alumni, friends, and the community through the *Guardians of Hope* Dinner. This event, which annually draws over 500 attendees, would not be possible without our Auction Committee volunteers. By serving on the Auction Committee, you can play a critical role in making the event a success.
